## Instruction to the Students

Dear students we wish for your good health and at the same time we hope that you are utilizing this time in constructive activities. As due to lockdown/curfew, it is not possible to conduct the mid semester examination in regular format, so the college has decided to conduct online MST in MCQ format. You are required to follow the instructions for successful conduct of these exams.

- The MST will start from 21<sup>st</sup> April, 2020. The students are advised to remain in contact with their teachers in the google classroom and whatsapp.
- Every student will take two exam of 30 minutes each per day the schedule of which will be conveyed to you.
- The student will receive the link of paper in google classroom, by email and in whatsapp group at the starting time of exam and link will be deactivated at the closing time of exam.
- The start and stop time of the exam will be strictly followed, so students must submit their responses before the closing time. After closing time no response will be accepted.
- For every students the order of questions and their options will be different so they should not waste time is asking from other students.
- The question paper will consist of four section of five question each. Student can move to next section by pressing the **NEXT** button after completing the current section only.
- There is no negative marking.
- PLEASE PRESS **SUBMIT** BUTTON in the last section **before closing time** to submit your answers.
- Consider this exam very important as your condition to appear in final examination will be decided as per your score in these examinations.
