

Gender Sensitization Plan

MULTANI MAL
MODI
COLLEGE

As per the visionary commitment to the contemporary societal concerns, the college is aware of the gender concerns. The college has a gender sensitization action plan. An additional seat over and above the sanctioned strength is for the single girl child, apart from equable admission opportunities. The college ensures a safe environment by the checked entry with ID proof, surveillance cameras at all common places and entry points of the campus, separate common room and canteen for girls. The Dean Girl students sensitize the staff members to be receptive to even the minor issues and problems of students particularly girls. The faith gained on account of a safe and secure environment the parents prefer to admit their girls in the college, it is evident from the fact that almost half of the total intake is of girls. The main festival of the land is 'LOHRI', celebrated on the birth of a baby boy in the family, but the college had a tradition of celebrating LOHRI on the college campus commemorating the baby girls born during the year.

The college
administration
resolved:

To provide safe and secure environment for girls.

Zero tolerance for any uncalled for activity.

**To sensitize the faculty and general masses
to gender equality.**

Commemorating festival to the girls.
