3. Make a précis of the following passage and assign a suitable title:
There is something radically wrong with the entire structure of human relationship that makes man delight in killing man, whether it be in the name of civilization or religion or anything else. Two wrongs do not make a right hatred must beget hatred; and what is brought into being by violence will always be destroyed by greater violence. It is this fundamental truth that women have got to bring home to the people in their respective countries. No peace treaties can avail that have revenge as their basis and self righteous arrogance and hypocrisy in the so called victors. Women are the natural preserves of life. Life grows from within them. They could make their influence felt if they would be big enough to rise above the walls of narrow nationalism that confine us today. Just as communism calls the world unite and stake all for a life worth living. Love conquers all things. We have it in us to give, if we could only realise our moral strength and non-co-operate with violence in what-so- ever form it raises its head.
